

AIA Florida

Member Service Alignment Chapter Assessment Call Schedule

Please find below the Chapter Assessment Call Schedule. If the date or time is not acceptable, please contact Becky Magdaleno at bwilson@aiafla.org

The purpose of the call is to discuss any questions you have on the core services assessment tool, your understanding of process moving forward to a final agreement in November. There is no debate about the prior contract document share model. This new stream is based on member service and membership numbers.

We will send you and your participating officers a call in number. Thank you. Please have the Core Services Assessment document with you for the call. There is really nothing to prepare for this call. Your complete Core Services Assessment is due October 2.
